**Introduction**  
Librarians have had to try their best to make available the publications embedded in resources by the research publishers in order to satisfy various information needs of their users.

**Consortia** Towards some alliance of institutions having common interest

- According to Smith & Kari (2001) "A consortium is an association of two or more individuals, companies, organizations or governments for any combination of their activities with the objective of participating in a common activity or providing their resources for achieving a common goal."
- "Consortium is a Latin word meaning 'partnership, association or society' and derived from common 'partner', 'joint lives, one 'supplies' and 'one, 'like', meaning 'one of many or several'."

**Some of the Successful Library Consortium in India**

- ICAR - Indian Consortium
- Indian National Digital Library in Engineering, Science and Technology (INDIAENT) Consortium
- ORCA - 3 journal consortium
- Centre for Research Storage in Agriculture and Veterinary (CRSAV)
